Dont use products from hindustan lever, Only name is hindustan it has been taken by foreign company

We blame politicians

Now go and check the things you use and ask yourself how much do you contribute to the decreased value of RUPEE

You use these foreign made products... & Government hv to pay in dollars for d same...thus value of rupee Decreases...

Aren't u responsible for fall of rupee..

Samsung S4 at Rs 41k.. Same features Micromax Can4 comes at Rs 17k..means u waste Rs 24k..and these 24k go to south Korea in dollars..

None of the indian products are subordinate in quality, they might look a bit less fancy!!

Why is china so ahead, because the whole world uses made in china items.

We indians could atleast use made in india items!
